It is a cold winter morning in Berk. Hiccup heads up to wake Maria up. He couldn't see her in the bed so he walks over to Edda. Edda opens her eyes and looks at Hiccup, then lifts her wing to and Hiccup saw a sleeping Maria. Maria wakes up and sneezes.

"Are you okay?" Hiccup asks worry.

"It's so cold." Maria whispers.

"Didn't it snow where you're from?" Hiccup asks.

"No." Maria replies and Hiccup sighs.

"Come on." Hiccup said and Maria sighs as she got up and follows Hiccup down stairs. She then sits down and Stoick looks at her.

"I better go, take it easy." Stoick said getting up.

"Bye dad." Hiccup said and Stoick walks out. Maria shivered when the door was open. "You really don't like the cold." Hiccup said as he sits down, placing a bowl in front of her and Maria sighs.

"I never could stand the cold back home, but this, this is crazy cold." Maria said as she starts eating. "But I better get used to it." Maria adds.

"Don't worry." Hiccup assures her. Maria finished up and headed off with Edda and Toothless behind them. "Come on, the others will be waiting at the arena" Hiccup said and Edda nudges Maria.

"I'm fine." Maria whispers and Edda nods.

"Are you okay?" Hiccup asks.

"Yeah, don't worry." Maria replies. They made it to the arena to see the others waiting.

"Are you ok Maria?" Fishlegs asks as he walks over to her.

"Yeah, I'm fine." Maria replies.

"You look cold." Astrid said and Maria sighs.

"I didn't have snowy winters where I'm from." Maria tells them.

"Can we go to the Great Hall?" Fishlegs asks.

"I will be warmer there." Astrid adds.

"Sure, let's go." Hiccup said and they headed off. Maria sneezes again and sighs as Edda pushes her. Then Stoick walks over and sighs. "Hey dad." Hiccup said

"I need you to do a round and go as far out you can." Stoick tells Hiccup, then saw Maria shaking. "I guess Maria will be staying." Stoick then said and Maria sneezes.

"Yeah, can you take her to the Great Hall?" Hiccup asks.

"I should stay, you know, with Meatlug being so slow." Fishlegs said.

"Come on." Stoick said and they started walking.

"It is so cold." Maria whispers as she walks closer to Stoick who wraps his arm around her. Maria smiles. They made it to the Great Hall and they sat down. Fishlegs sat next to Maria with a book and Maria smiles.

"Okay, we will work more on your writing today." Fishlegs said as Stoick sits two cups down.

"How is everything going?" Stoick asks.

"I'm getting better with reading and spelling, not that good with writing and I'm really bad at combat training. Astrid has faith in me though and hasn't given up. Which is nice." Maria explains.

"That's good." Stoick said. "You just take it easy." Stoick said walking off.

"Let's get started." Fishlegs said.

"There is nothing here." Astrid said.

"Hey look!" Ruffnut shouts and Hiccup looks over to see a fleet of ships in the ice, close to Berk.

"We better go." Hiccup said, getting on Toothless and they headed off. Hiccup found Stoick and smiles as they land behind "Dad." Hiccup said.

"Where's Maria?" Stoick asks, hitting a guy.

"Gone with Fishlegs, Ruffnut and Tuffnut." Hiccup replies.

"Now get out of here." Stoick tells him.

"Come on dad, we can help." Hiccup said and Toothless shoots a fireball at an Outcast.

"What did you find?" Stoick asks.

"A fleet of ship in the ice, I thought we got her faster than them." Hiccup tells him. "I have to help Astrid." he then said as they flies off and over to Astrid.

"There's too many." Astrid said.

"We have to keep fighting." Hiccup tells her.

"I hope they don't follow Maria and the others." Astrid said and Hiccup sighs.

'Please be safe.' Hiccup thought.

Maria is standing at the care entry, looking out and sighs. Then Tuffnut walks over and Maria sighs.

"I hope you are right." Maria whispers as Tuffnut walks over and sits next to Ruffnut. "I have a bad feeling." Maria whispers.

"Why are we here again?" Ruffnut asks.

"We should be helping." Tuffnut adds and Maria sighs.

"We're going to get Maria and Fishlegs." Hiccup told him.

"Great, let's go." Snotlout said. They came to the cave to find no one around.

"Are you two sure this is the right care?" Hiccup asks as they looked around.

"Yeah." Ruffnut said confused.

"Hiccup!" Astrid called and Hiccup runs over. Hiccup then saw drag marks in the dirt. "I know why the Outcast left." Astrid then said. "They have Maria and Fishlegs."

"What do we do?" Snotlout asks.

"We need to tell my father." Hiccup said as he runs to Toothless and they headed off. Once back at the village, they found Stoick and Hiccup got off Toothless, running over. "Dad!" Hiccup shouts.

"What is it?" Stoick asks.

"The Outcast have Maria and Fishlegs." Hiccup said and Stoick looks at him shock. "I thought they would be safe, but they found them and they are gone." Hiccup explains.

"We need a plan." Stoick said.

"Right." Hiccup said as Toothless walks over.

"Gobber!" Stoick shouts as he walks off and Hiccup sighs as Astrid walks over.

"It wasn't your fault Hiccup." Astrid said.

"I should have made them stay in the Great Hall or go to the Cove." Hiccup said and sighs. "We need to get them back." he then said and Astrid nods.

"I'm sorry." Hiccup said as Toothless walks over.

"We better find the others." Astrid then said. They found Snotlout, Ruffnut and Tuffnut by their dragons, talking.

"We shouldn't be standing around." Snotlout said.

"We can't just go in without a plan." Hiccup tells him.

"Hiccup." Stoick said walking over.

"Any luck?" Hiccup asks.

"Nothing, the ships aren't going anywhere." Stoick tells him. "I'm sorry Hiccup, it is too dangerous for you to go alone." Stoick tells him and Hiccup looks at him shock.

"We can't just leave them there." Hiccup protests.

"I know." Stoick said.

"So that's it." Hiccup said. "We leave them there to die."

"He's right Hiccup." Astrid said and Stoick walks off.

"How can you agree to that?" Hiccup asks.

"I don't, we need a plan." Astrid tells him.

"Alright, let's go." Snotlout said getting on Hookfang. Hiccup gets on Toothless as Astrid gets on Stormfly and Ruffnut and Tuffnut gets on Barf and Belch.

"Keep up." Hiccup said and they headed off.

"So what's the plan?" Astrid asks.

"We'll work on that later." Hiccup said.

"I say we go in, bust them out and get out." Snotlout said.

"And get captured too, not happening." Hiccup tells him. "We'll need to find them, sneak in and get them out." Hiccup tells him.

"Well there's half a plan." Astrid said.

"Now we need the other half." Hiccup adds and sighs. He has no idea what to do, but he needs to figure it out soon.

4. Chapter 4

Maria wakes up to yelling and opens her eyes. She saw Fishlegs standing at the front of the cell, looking around worried. Maria stands up as Alvin walks in front of the cell.

"What do you want Alvin?" Fishlegs asks.

"The girl, I want the girl." Alvin tells him. Maria looks at him scared as Fishlegs walks back and stands in front Maria.

"No, not going to happen." Fishlegs tells him. Alvin chuckles as the cell opens and Maria sighs. Alvin walks over and shoves Fishlegs out of the way.

"Fishlegs." Maria said running to him. Alvin then grabs Maria by her hair and Maria screams in pain.

"Okay, I'll come!" Maria shouts. Alvin throws Maria out of the cell and Maria sighs as she push herself up. Alvin walks out and locks the cell.

"Stop doing that." Maria said. Alvin then grabs her as they stop in front of a cell and Maria saw Edda tied up. "Edda!" Maria cries as she goes to walk forward, but Alvin grabs the back of her neck, pulling her back.

"That's right, you little pet is right here." Alvin said.

"What did you do to her?" Maria asks.

"Nothing at all, just put her here." Alvin replies smiling. "What do you know about dragons?" Alvin asks.

"Nothing much." Maria replies and Alvin lets her go. Maria sighs as looks at Alvin. "Where's Meatlug?" Maria asks and Alvin chuckles as he grabs Maria and drags her down a couple of cells. Maria then saw Meatlug chained down. "Meatlug!" Maria shouts. Then two men run over.

"Report." Alvin said.

"Hiccup and the others are on their way." one replies.

"Delay them!" Alvin tells them and they run off. "Back to the cell for you." Alvin said, dragging Maria back. He opens and throws Maria in the cell. Maria walks back as Alvin locks it.

"You're a monster." Maria tells him.

"Maria." Fishlegs whispers. Maria walks right up to the cell and Alvin chuckles. He then wraps his hand around Maria's throat, lifting her up and pulls her right into the bars.

"Am I now?" Alvin said.

"Yeah." Maria whispers.

"You won't be saying that when I throw you off a cliff." Alvin tells her and Maria sighs. "Only really one way to find out." Alvin adds.

"You're not going to throw me off a cliff." Maria said.

"Just wait and see." Alvin said as he throws Maria back and Maria lands on her side. Alvin walks off and Fishlegs rush to Maria's aid.

"What was that for?" Fishlegs asks.

"Hiccup is coming." Maria replies as she shows Fishlegs the keys.

"How?" Fishlegs asks.

"It doesn't matter how, we have to get out of here." Maria tells him. Fishlegs grabs the keys and runs to the front of the cell. Maria moans in pain as she gets up and Fishlegs open the cell.

"We have to be careful." Fishlegs tells her as they start walking. They came to Edda's cell and Fishlegs open it. They run in and Maria sighs.

"How did you get out?" Hiccup asks.

"Maria, she got the keys of Alvin. I didn't even see it." Fishlegs replies.

"It hurt." Maria whispers.

"Maria was talking to Alvin when he wrap his hand around her throat and lifted her up. Somehow, she grabbed the keys before Alvin throw her back." Fishlegs explains.

"Are you sure you are okay?" Astrid asks worry.

"I'm fine, I have been through worse." Maria replies.

"Great work, that was amazing." Snotlout said and Maria smiles.

"Come on, let's go home." Hiccup said. Once back at Berk they were greeted by Stoick.

"Hiccup!" Stoick shouts, then saw Maria and Fishlegs. Maria sighs as she slides down and gasp in pain.

"Easy." Hiccup said jumping down and Maria sighs.

"I'm okay." Maria whispers as Stoick walks over.

"I know, we'll talk about it later." Hiccup said and Stoick looks at Maria.

"What happened?" Stoick asks.

"Maria and Fishlegs broke out." Hiccup starts and Maria sighs.

"I knew this was the change to leave so I called Alvin a monster before he walked off. I kept talking to him as I walk to the front of the cell. He grabbed me, wrapping his hand around my throat and lift me up, then push me into the bars. Why he was too busy threatening me, I grabbed the keys off him. He then throw me and left." Maria explains and Stoick looks at her worry.

"It's late, you all should rest." Stoick tells them and walks off. Maria moans in pain as Astrid walks over.

"Are you sure you are okay?" Astrid asks.

"Yeah, it's just going to hurt to walk." Maria replies.

"Come on, I'll help you." Astrid said and Maria smiles as Astrid wrapped her arm around Maria who leans into her. The pair then slowly walks off. "What you did today, that was really brave." Astrid tells her.

"You really think so?" Maria asks.

"I know so, standing up to Alvin so you can get the keys and break out. That was amazing." Astrid tells her and Maria smiles. "Come on, let's head to the Great Hall." Astrid said as the other caught up.

"We can work more on your spelling and writing." Hiccup said and Maria nods.
